

Magical® Ruby Red

Hydrangea macrophylla

Magical® Ruby Red Hydrangea

The reddest hydrangea to date, this beauty will dazzle you with glistening-red, gemstone-like color and non-stop performance. Dark-green leaves are nearly black, and offer a lovely backdrop for the durable, repeat-flowering blooms. As the flowers age, they fade to a deeper red-wine color. Blooms on old and new wood

77697 Porter's Hill Line
